#ISLANDERS ARROAD. -- In reading over the minutes of the meeting of the Detroit Scientific Association, we notice the names of several whom some of our readers will recognize as Hawaiian born-Dr. G. P. Andrews, the President; A. B. Lyons, and G. P. Dr. J. R. KINNEY, already extensively and

favorably known in this community, arrived home / table the last steamer. Dr. Kinney has been absent the last three years completing the studies of the law respecting the school tax. (Section 486, by the last steamer. Dr. Kinney has been absent s profession, in the United States and Europe, Civil Code.) The intent of the amendment is to exand has now returned and established himself in the practice of his profession. See Advertisement. Rejected.

A BREEZY HOUSE .- The new government building, especially the lower story, is full of currents | tion of statutes, came up on its second reading, with of air, rushing about in every direction, whenever there is a breeze outside. As a consequence, everybody employed about the building has a chronic cold, of more or less severity. Squibb says that whatever may be the condition of the Treasury, there is an abundance of drafts in the government House.

HALEAKALA BOARDING SCHOOL.-The annual examination of the above school, located at Makawaa, Mani, took place on Wednesday, June 3d. The examination passed off with credit to the teachers, Prof. Ferd. L. Clarke, and his assistant, Mrs. Thurston. After the school exercises, the boys, of whom there are forty, passed through the military drill. dressed in uniform, which was very attractive and elicited warm commendation from the spectators.

SOMETHING OF A COINCIDENCE.—Thirty-one years ago last January, the brig Delaware, Captain D. P. Penhallow, arrived at Honolulu from Boston, and among the passengers was Mr. wm. C. Parke, Last | preceeding, Tabled. W. C. Parke, spent his boyhood days in Honolulu, for 5 months in the year be removed. Tabled. and now returns to visit the scenes of his childhood, a bronzed and bearded man, and master of a ship.

The examination at the Royal School took place on Wednesday last, and was very creditable to both pupils and teachers. These last are Rev. A. Macintosh, Principal; Mrs. Kinney, and the Misses Brickwood and Fornander. The exhibition was held on the evening of the 9th, and drew a crowded audience of ladies and gentlemen, who were highly pleased with the exercises. The decorations were much admired Their Majesties the King and Queen honored the occasion by their presence. The Royal School continues to mainain its reputation as one of the best institutions of education in the city.

HE THOUGHT THEY WERE FULL .- During a discussion in the Assembly of the item of \$500 for the purchase of law books for the use of the Supreme Court, one Hon. member wished told that the books were necessary in order to post the Judges in law matters, and the precedents of other countries. On that hint, he spoke, and among other pertinent observations said " he had been under the impression that the Judges were selected for their positions because they were already full of knowledge. and now it seems that they have room for more; in fact, they want to complete their education at the public expense. Let them pay for their schooling out of their own pockets, as other people do. Strike

out this appropriation for law books !" A FATAL ACCIDENT .- On Thursday afternoon last. a native named Kuheleloa rode into town from Kawa on horseback. When past the prison, the bridle reign broke on one side, and the horse, which it is said has been a racer, started, and ran away with his rider. He went past the Station House at full speed, the man evidently trying his best with the one rein to check him, and at Hall's corner he whirled suddenly down Fort street and threw the man, who struck with his head on the curb-stone, fracturing his skull and killing him instantly. The Marshal and officers of the police witnessed the accident, and had the body conveyed to the Station House on a stretcher, whence it was taken to the residence of the family. Kuheleloa was a well-known industrious carpenter, about 35 years old, and leaves a wife and child. It is not true, as reported, that he was under the influence

of liquor at the time. ELEVENTH OF JUNE.-Last Thursday was Kamehameha I. Memorial Day, and was kept as a public holiday, government offices and places of business generally being closed, and a salute fired from Punchbowl at noon. There was no demonstration of a public nature, except music by the band at the Palace. Horse-riding was indulged in plentifully, and there were numerous lugus. Some drunkenness was observed, but not in so large a degree as often before on public days. A walk all over the city in the afternoon resulted in a count of thirteen persons manifestly under the influence of drink. There were only six or seven names on the list at the Station-house on Friday morning. The fact that the Police recently made a raid on the beer dens of Maunakea street may have had something to do with the moderate amount

TEMPERANCE MEETING .- The mass-meeting at Kawaiahao Church on Sunday last was well attended by natives and foreigners, and presided over by the Rev. Dr. Coan. A number of speeches were made, and the following Preamble and Resolutions were adopted : WHEREAS, the use of intoxicating drinks in this Kingdom, as well as elsewhere, is manifestly opposed to the best interests of the people and of the govern-ment, being productive of poverty, crime, disease and death; therefore,

Resolved, That in the opinion of this meeting, the wisest and most patriotic course for our Legislature to pursue will be to absolutely prohibit the importation and sale of all kinds of intoxicating drinks in Passed. this Kingdom. And further That this meeting is of the opinion that the licensing of the distillation of spirits in these Islands cannot be productive of any good, but on the | Passed.

contrary by increasing the means of intoxication among us, will, without doubt, tend to hasten the destruction of the Hawaiian people. The following preamble and resolutions were final reading. adopted at a special meeting of "Mechanic" Engine

Co. No. 2: WHEREAS. In the inscrutable wisdom of Almighty God, He has seen fit to take from us by death, our esteemed and much lovel brother fireman, Mr. R. Gilliand, one of the oldest members of this Company and the Honolulu Fire Department; and, WHEREAS, In the death of our brother, we have experienced a great loss, inasmuch he was a fireman in heart and service—one who was ever ready to do his duty in whatever position he held, whether on the brakes, or as Foreman or as Chief Engineer—one who always, during the past twenty-three years of his connection with the Department, assisted it generously with his time and money, and was pre-eminent in nursing and ministering to the wants of his sick or distressed brother firemen; therefore, be it

Resolved. That in the death of R. Gilliand, ex-Foreman of this Company and ex-Chief Engineer of the Honolulu Fire Department, we leel that we have experienced a great loss, and the nation the loss of a true Hawaiian subject, and that we as a Company will ever cherish in fond remembrance his untiring energy, and faithful discharge of his duties as a Fore-man and a self-sacrificing public spirit for the "public good." Resolved. That we tender our sincere sympathy to and con-dolence with the bereaved widow and fatherless children of Resolved. That in memory of our late prother, the front and the inside of this Hall be draped in black for thirty days, and that we wear the usual badge of mourning on the left arm for

Resolved. That a copy of this be handed to the widow, and

a copy also to the local papers of the city.
